June 24, 2020 | Global Financial Markets Initiative Webinar

### [SUPPLY CHAIN | 10 Key Issues to Managing an Effective Supply Chain](#)

Effective supply chain management is an essential part of most businesses. The COVID-19 crisis has highlighted the challenges a company faces when supply chains are disrupted in an integrated global economy. While companies will be impacted differently by COVID-19, all companies should now be reconsidering their supply chain strategies, the rapidly changing regulatory environment, and how best to manage risk and build value in their supply chains. Angelia Chia, Alex Dell, Reginald Goeke, Audrey Harris and Brad Peterson discuss.

## [Back to Business – Employment & Benefits Global Webinar Series](#)

As various jurisdictions around the world begin to ease restrictions, multinational employers are grappling with a wide range of issues and risks that need to be addressed when planning a safe return to the workplace.

Mayer Brown's new global series will illuminate the key areas of potential liability and provide practical tips to help employers minimize risks in returning to work. Throughout the months of June and July, we will develop the series on a country by country basis, where our speakers will drill deeper into the key areas that will need particular attention. Dates for these sessions, outlined below, will be released shortly.
